

Collection no. 195

Greenfell, Griffith, etc.

11-16. i. 1979

[Plant identification by

N. S. W.

K. H. L. Key

L. G. Adams]

11/1. Car park at end of Holy Camp road

(= 1457.0) Gen. Nov. 9% ochracea, *Phacelidium*  
*utlatum*

12/1. 12440.7 Greenfell. Took Holy Camp road.

457.0. A. Car park at end of road (start of track

*Goniocarpus* of *on-aloides*, *Peaetesia hospita*,  
up mountain). Gentle slope with brown soil,  
*Phaulacridium* sp. 3

occ. sandstone exposures. *E. sideroxylen* to

50ft, *Callitris endlicheri* to 40ft, *Cassinia* sp.

to 5ft, scattered acanthescent *Macrozamia*

to 1ft, *Helichrysum sumpapposum* & a

large-flowered yellow *Helichrysum* both to 18in,  
scattered dry ferns.

occ. shrublets to 9in, thin grasses to 1ft,

*Eucalyptus*  
B. up track to trig. station. Increasing

*Macrotoma australis*, *Goniocarpus australis*,  
slope & rocks. 3 spp. *Eucalyptus*, shooting after

*Gastrophysalis mucosus*, *Astroicetes frutes*, *Cephalanthus*

were fire a few years back. *Acacia* spp.,  
*pyrochloa*, *Phytolacca*, *Phytolacca*, *P. vittatum*

*Cassinia* spp., *Dodonaea* sp., *Indigofera* sp.,

all to 4ft, some *C. endlicheri*. Return.

457.9. Similar to last, but less *Callitris* &

*Brachyoxanema holipennis*

some stringybark. Partly cleared, with

dense growth of *Cassia* to 3ft, a ~~tender~~  
 grass with inflorescence to 3ft, patches  
 of *Helichrysum apiculatum* to 1ft.

473.5 Grenfell. Return to Holy Cross road.

478.4 Return.

13/1.

12.486.4 Grenfell. Took Bumbi road.  
 (Emu Creek)

500.5 Watercourse (shallow) with *E. multiodora*,  
*Perminobrachyotus*, *Phaulacridium vittatum*  
*E. largiflorus* (?), & occ. *E. camaldulensis*.

*Plantago*, *Paspalum dilatatum*, sedges, &  
 other grasses, 6 in to 2ft. No *Atractorhiza*.

506.9 Road to Thuddingera on left.

510.8 Entrance to Weddin State Forest.

(between two Kurrajongs).

513.4 Turned right.

514.0 Turned left.

514.9 Return.  
 Mill CR.

518.4 Followed valley up mountain to left.

for ca. 45 min. Then climbed up side  
 on to ridge & returned to road along ridge.

Grassy patches along valley, with Phaul,  
*Exuma includens*, *Goniaca australasica*, *Eumecistes*  
uttatum frequent. On ridge a considerable  
*Fraxinus*, *Cirphula pyrochneum*, *Phaulacridium nanum*,  
 area of gentle slope with *E. ~~blatid~~*  
*Goniaca opomaloides*  
*dealbata*, *Callitris* sp., ~~to~~ *Casuarina* <sup>sp.</sup> to 12 ft,  
*Gracillia* spp., *Xanthorrhoea* spp., *Hibbertia*  
 sp., & other small shrubs, occ. *Helichrysum*  
*seniapposum*. *Eumecistes*, *Exuma*, *Phaul*  
*nanum* & *Cirphula pyrochneum* in this  
 community, with occ. *Goniaca opomaloides*.

519.6. Exit from State Forest.

531.8. Bimbi

533.5. Bimbi depart.

544.8. Brihbarce. Return.

547.4 Creek with *E. canaldulensis* to 60 ft.  
*Bermis brachycerus*, *Peatesia hospita*  
 fringing sedges to 3 ft & grass to 6 in.

No *Atractomorpha*.

556.1 Burangong Ck. *E. canaldulensis*  
 fringing steep-sided creek with some *Paspalum*  
 & short grass. No *Atractomorpha*.

556.3. Bimbi. Turned left on Grandalla road.

558.0. Turned right on "Nowlan's" road.

603.9. Greenfell (via Weddin View road).

141.

12604.7. Greenfell depart.

639.4. Bumbi

647.3. Turn-off to Bribbarre on left.

662.5. Creek with *E. camaldulensis* & *E. Schizobothrus flavovittatus*, *Peakesia hospita*  
*microcarpa* to 60ft. *Paspalum dilatatum* &  
*P. distichum* on slightly self-mulching brown  
soil. No *Atractomorpha*.

664.7. Turn-off to Quandialla on right.

666.7. Bland CK. crossing. *E. camaldulensis*  
*Bermis brachycephala*, *Peakesia hospita*  
to 60ft. Grasses & sedges to 3ft. *Bermis*  
abundant. No *Atractomorpha*. (*Mosungarell* not seen.)

667.4. Narraburra CK. Crossing. *E. camaldulensis*  
*Rapsillafusca*  
to 60ft. Sedges, grasses, leaf litter. No  
*Atractomorpha*.

679.7. Duck CK. Crossing. Cleared from *E.*  
*Bermis brachycephala*, *Macrotoma scarriformis*  
*camaldulensis*. Grasses to 3ft, some Rumex.  
No *Atractomorpha*.

gentle  
 686.5. Western slope of granite ridge. E.  
*Phaulacridium* sp. 3  
*Microspha*, *E. dealbata*, *Callitris glauca*,  
*Casuarina luehmannii* to 40 ft, patches  
 of a myrtaceous shrub to 8 ft, sparse grass &  
 dry forbs, patches dry fern (? *Cheilanthes*),  
 much leaf litter.

693.5. Barnedman Cr. (not investigated).

697.9. Barnedman.

722.9. Arach Park.

760.1. Turned right.

762.0. Ardlethan. ~~Arach Park~~.

778.9. Red-brown sand on gentle slope

*Histioacrida roseipennis*, *Eurycistites graticiosus*,  
*Mallee*, *E. siderocylon*, *Rurajong*, 20-30 ft,  
*Macrotona australis*, *Phaulacridium* sp. 3, *Cappiqa* sp. P51af  
 with broomworts to 7 ft, shrub harbouring <sup>53a</sup>  
*Beyeria lechenaultii* (D.C.) Baill. (Euphorbiaceae)  
*Histioacrida* (spec.), *Grevillea* sp., & *Acacia*  
*apiculatum* (*Rayaderis nymphaea* on)  
 spp. to 5 ft, scattered grasses. *Helictotrichum*.

785.7. Moombloodool.

850.1 Griffith

15/1.

850.1 Griffith depart.

870.9. Turned left on Barry's scenic drive.

874.8. Took right fork.

883.0. Turned left.

885.8. Slope with brown soil & some stone.

*E. populnea*, *E. dealbata* <sup>both to 30ft.</sup> & *Acacia* spp.

(3014) 6-15ft. Various grasses to 1ft.

*Helichrysum* spp., & *Chilanthus* abundant in patches. No P48.

898.2. Took left fork.

902.9. *E. sideroxyloides*, *E. dealbata*, & *Callitris*

*Cirphula pyrochroensis*, *Oedaleus australis*, *Endlicheria*, all to 40ft, with *Acacia* sp (long *Goniala opomaloidea*, *Ceris* nov. 95 ochracea, narrow *Phyllodes*) to 15ft, miscellaneous shrubs *Heteropogon obscurus*, *Macrotoma australis*, to 3ft, including *Styphelia* sp. & *Styphandra*. *Phaulacodium* sp. 3, *Paspalia* sp. 9.

Some grass & forbs, *Chilanthus*, & litter.

Summit of rise, brown sandy loam, some rock exposure.

919.2 Turned right into Whetton stock route.

926.6. Turned right.

929.8. Rankin's Springs.

930.3 Rankin's Springs depart

933.7. Whitton Stock route off to left.

944.3. Road to Griffith off to left.

950.7. Road to Griffith on left.

955.4. Return.

958.2. Mesung road to left.

958.6. The Gap (saddle in ridge). No sign of P4-8.

977.3. Turned right along Whitton stock route.

988.2. Eight Mile Tank road off to right.

13008.6. Back on highway (distance wasted).  
Turned left.

019.0. Turned left for Griffith.

16/1.

13070.8. Griffith depart for Yenda.

091.2. Turned left on to Barry's Scenic Drive.

095.1. Turned left on to Whitton Stock route.

105.1. Road in on left from Yenda.

107.6. Turned right for Mt. Bingar.

111.9. Mt. Bingar (summit). ~~RYM~~.

*Phaulacridium* sp. 3, *A. murrayi*, *Utricularia guttulosa*,  
*E. macrorhyncha*, *E. dealbata*, *E. sideroxylon*,  
+ narrow-phyllode *Acacia* sp.,  
*Callitris endlicheri*, all to 25ft, with *Grevillea*  
*Gomera opomaloidea*, *G. australasica*, *Cerphala*

*pyrrhocnemus*, *Macrotoma australis*,

*Araia armigera*,

sp., *Hibbertia* sp., + various other shrubs to 2-6 ft.  
*Helichrysum semipapposum* to 2 ft.

*Dracopis* & *Chieranthus* in patches. Ah

*Coryphistes mucicola*, *Apotropis tricarinata*,

radio station completely cleared, with bare

*Austroicetes frater*, *Capsicera* sp. P51a/153a.

Gravelly brown soil. Further out with trees

*Massalia* conglomerate exposures

cut & shrub growth denser & shorter. Return.

1917: Moomboldool.

307.7. Stockmungal

(Pland ck.).

307.9. Creek crossings; Cleared from *E. camaldulensis*

*Bermis brachyceras*

*Paspalum dilatatum* & *P. distichum*, *Typha*,

& *Rumex*. No *Abtractomorpha*, but promising

sets.
